To our Patrons :—

This business was established in 1832 and we believe that to-day We are the **Oldest Concern in the United States** manufacturing Bookbinders' Tools and Machinery. Our name on a Tool or Machine stands for "Superior Quality." We do not turn out anything that is not up to this high standard of excellence and as everything described in this catalogue is made in our own modern fire-proof factory equipped with the latest and best machinery, we can guarantee that this standard of Superior Quality will continue.

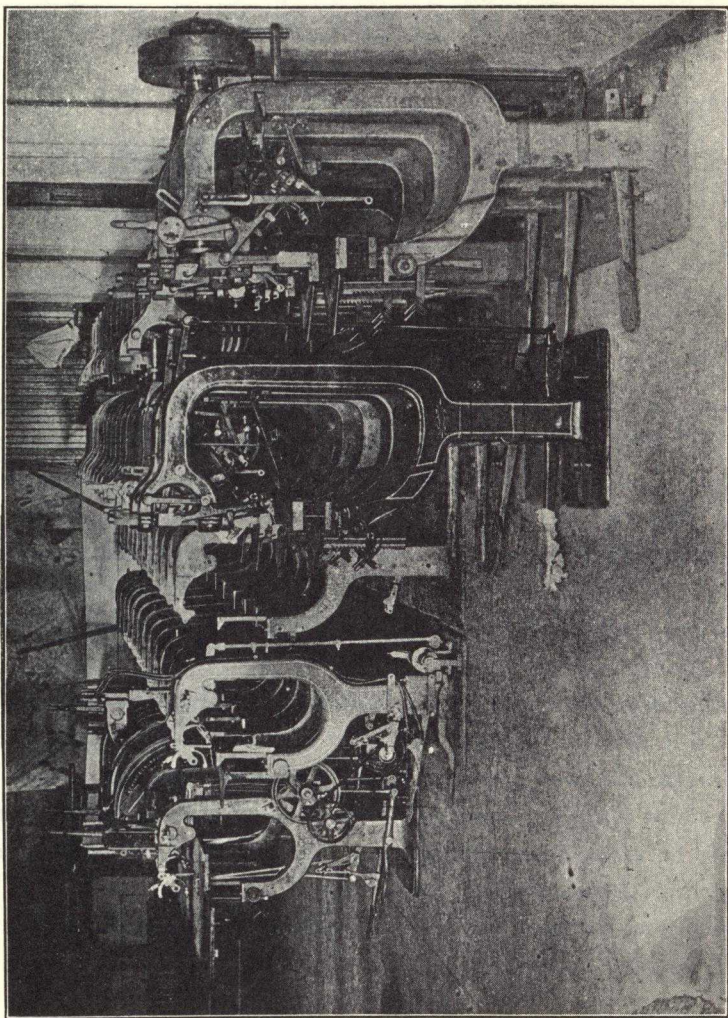

With this issue we make a new departure, and from now on we intend to sell **Direct to the Consumer** who will get the best terms and lowest prices—there is now only one price to all and Dealers cannot secure any better terms than the Consumer. With our present up-to-date plant we are able to manufacture better and cheaper than ever before and we are giving you (the consumer) the benefit.

Thanking you for past favors and hoping for a continuance of your patronage, we are

Yours very truly,

**Hoole Machine & Engraving Works**

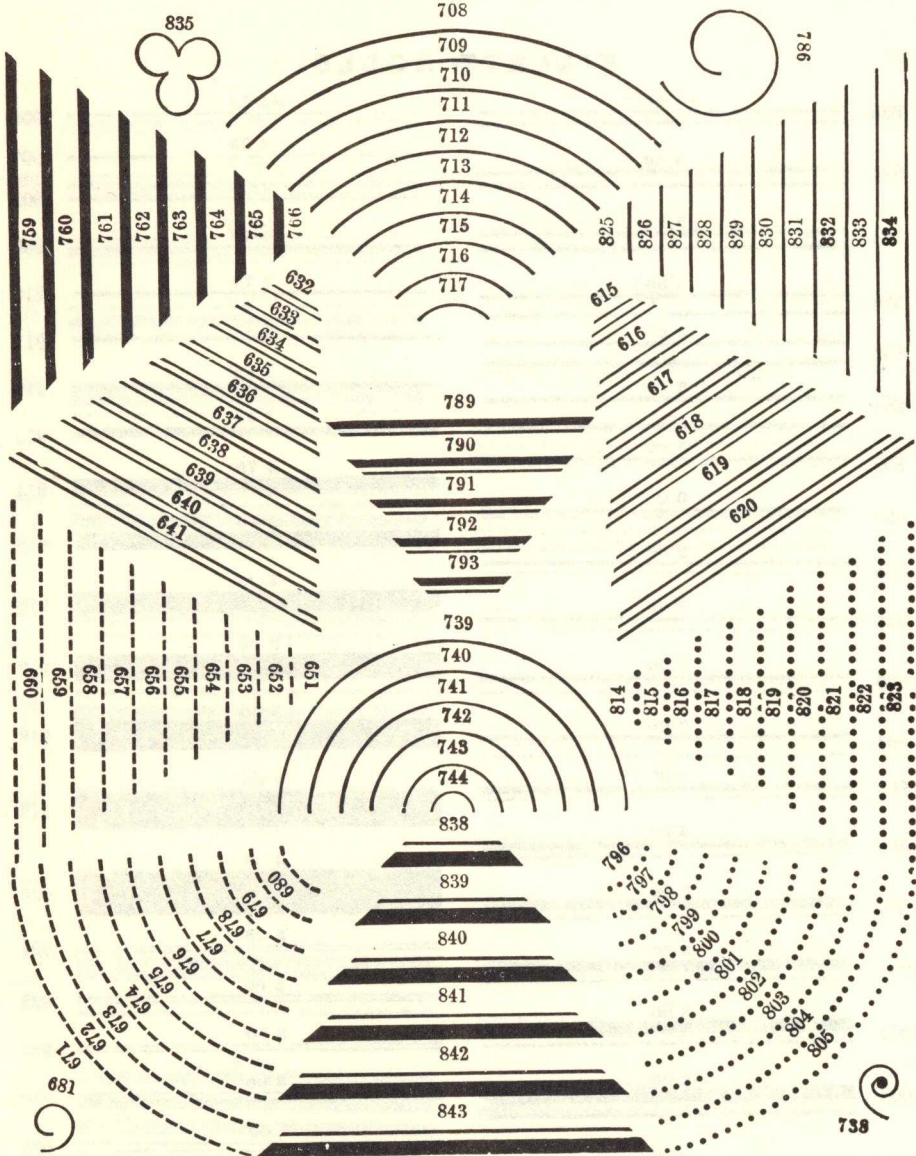

The prices in this catalogue are for goods substantially packed and delivered f. o. b. Transportation Company to the order of the purchaser after which they are at the sole risk of the party ordering.

THE ABOVE CUT IS A REPRODUCTION FROM A PHOTOGRAPH OF A CORNER OF ONE OF OUR STOCK ROOMS.  
WE CARRY A LARGE STOCK THEREBY INSURING PROMPT DELIVERIES.

# GOUGES AND LINES.

## HAND PALLETS

These tools are  $3\frac{1}{2}$  inches long and are engraved to Roll designs. Orders should read "One Hand Pallet Roll design No.—"

Price—One-third of Roll Prices.  
Minimum Price, \$1.00

## FILLET, GILDING AND BLANK ROLLS

These Rolls are furnished with a long handle as shown in cut.

### STANDARD SIZES

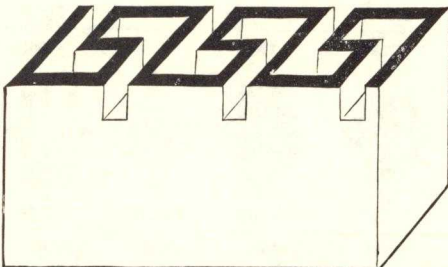

Fillet Rolls—	$4\frac{1}{2}$	inches in diameter called 4 strip rolls
Gilding ..	$3\frac{1}{2}$	" " " " 3 " "
Blank ..	$3\frac{1}{2}$	" " " " 3 " "

The prices in this catalogue are based on the above sizes. Gilding Rolls can be made to take up four strips of gold at one-third more than list prices; all rolls are made standard unless otherwise ordered. We try to carry all rolls shown in this catalogue in stock—order by number and do not mutilate this catalogue.

We advise against the recutting of rolls—it is false economy.

## BRASS RULE

We make Brass Rule either on Type High or  $\frac{1}{4}$  inch metal. If  $\frac{1}{4}$  inch metal is used we leave a  $\frac{3}{8}$  inch shoulder on the inside—see cut.

### PRICES

Brass Rule engraved to our Gilding or Blank Roll designs on either Type High or  $\frac{1}{4}$  inch metal, 12 inch lengths will be furnished at the same price as the roll.

Fillet Roll designs when made in 24 inch lengths

Single Line—	$\frac{1}{4}$	in. metal	6	cents per in.	Type High	9	cents per in.
Double Line—	$\frac{1}{4}$	in. "	9	" "	"	12	" "
Triple Line—	$\frac{1}{4}$	in. "	11	" "	"	14	" "

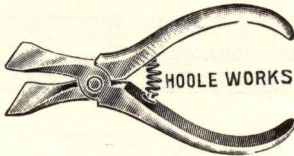

Mitering four corners extra 75 cents

HOOLE MACHINE AND ENGRAVING WORKS, BROOKLYN, N. Y., U. S. A.

$4\frac{1}{2}$ x 7 " " " .....	12.00
5 x 8 " " " .....	15.00

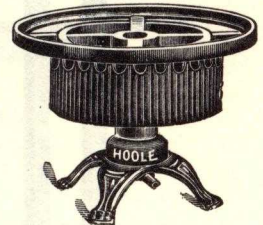

This Pallet is very strong, the frame being made of brass in one piece and the bottom is made of steel. A wrench is furnished with each pallet.

HOOLE MACHINE AND ENGRAVING WORKS, BROOKLYN, N. Y., U. S. A.

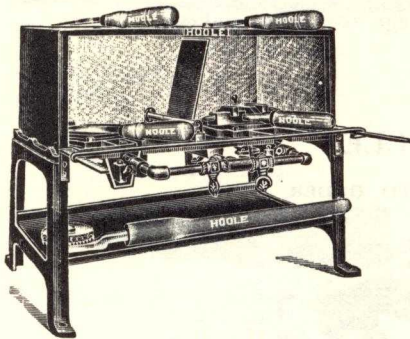

## GAS STOVES

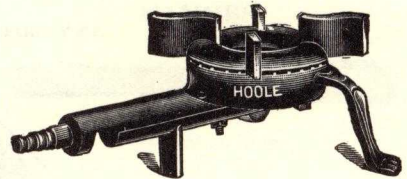

Automatic (Single)

Round Stove

Automatic (Double)

Plain Stove

**The Automatic Self-Lighting Gas Stove** is made in two styles. The Single one is open and the Double one is enclosed.

**The Double Stove** has a galvanized iron shelf between the burners and the bench. It also has a metal flap standing upright between the two burners. The laying of the tool on this flap causes it to go down and cover either burner thus doing away with the use of a piece of sheet metal to protect the tool from the flame. When the tool is removed the flap automatically takes its upright position between the two burners. Net weight 66 lbs. Boxed 100 lbs.

**The Automatic Stove** consumes gas only while the tool is heating, the flame being extinguished by its removal. On replacing the tool the stove is relighted, thereby avoiding the danger of fire from using matches and effecting a saving in time, and about 60% in gas.

**The Round Stove** is the old style with the tool ring on top.

**The Plain Stove** is designed for heating kettles and has four pieces projecting above the burner to keep the kettle a little above the flame.

## PRICES

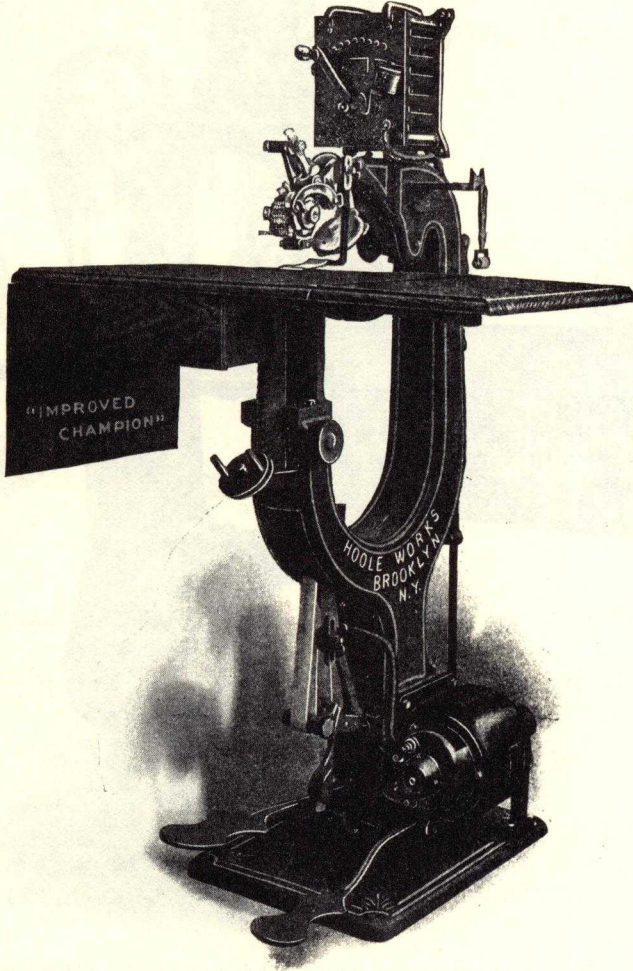

Double Automatic.....	\$25.00
Single Automatic.....	3.00
Round Stove.....	3.00
Plain Stove.....	.75

## “HOOLE”

“Improved Champion” Paging and Numbering Machine

Fastest, Simplest and Lightest Running Machine of its kind

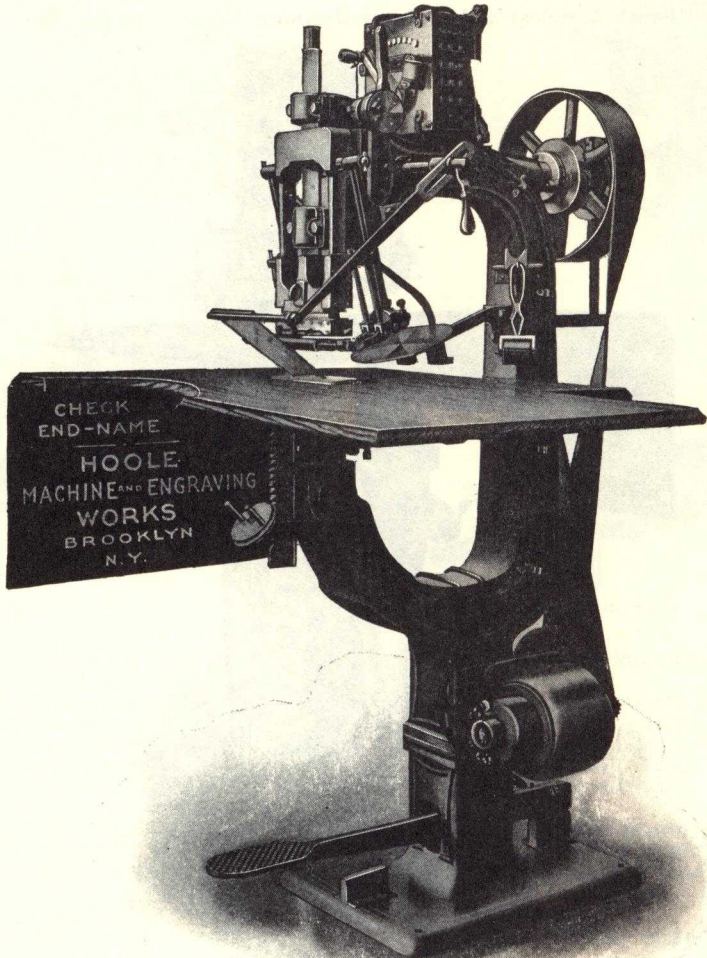

The “Improved Champion” machine is made in three styles, Foot Power, Foot and Steam Power combined and Electric Drive. There are hundreds of these machines in daily use—Write for Special Circular.

HOOLE MACHINE AND ENGRAVING WORKS, BROOKLYN, N. Y., U. S. A.

## “HOOLE”

Check End-Name Printing Machine

A job lot of 500 End-Names can be set up and run off on the “HOOLE” Check End-Name Printing Machine at a cost of nine cents, and the work will equal that of the printing press. Let us refer you to concerns who are getting the above results.

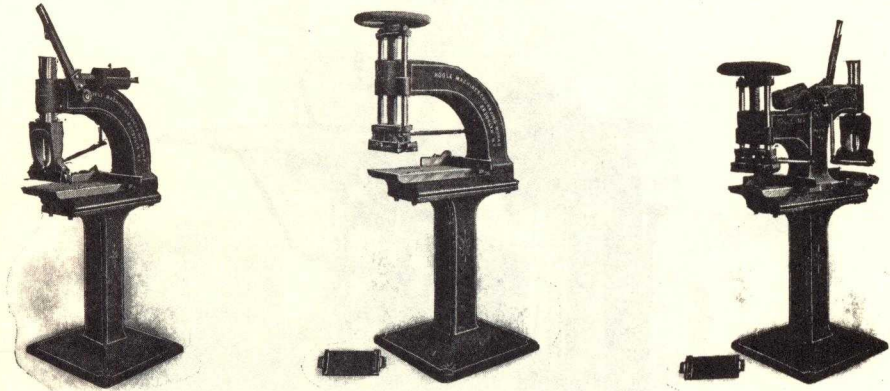

The Machine is made in three styles—foot power, electric drive and belted drive. Write for special circular.

HOOLE MACHINE AND ENGRAVING WORKS, BROOKLYN, N. Y., U. S. A.

## “HOOLE”

### Hand Pallet and Stamping Press

This machine is made in three styles for job work where either a Pallet, Chase or Flat Plate is used, all three styles have gas heads for heating the type or plates. Ample gauges are furnished with each press. The machines are open on both sides so that very large work can be accommodated.

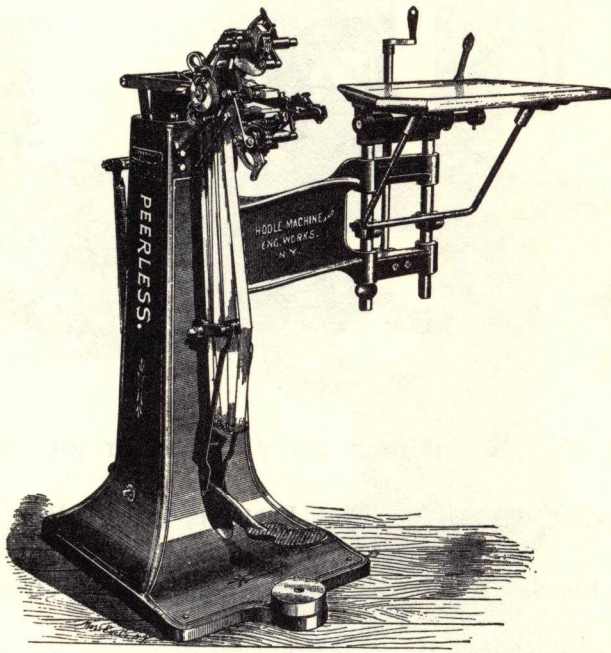

Write for Special Circular.

HOOLE MACHINE AND ENGRAVING WORKS, BROOKLYN, N. Y., U. S. A.

# “HOOLE”

## “Peerless” Paging Machine

The only rapid double headed Paging Machine ever produced

The “PEERLESS” will page any size book up to 10,000 pages, and will do either regular or folio paging.

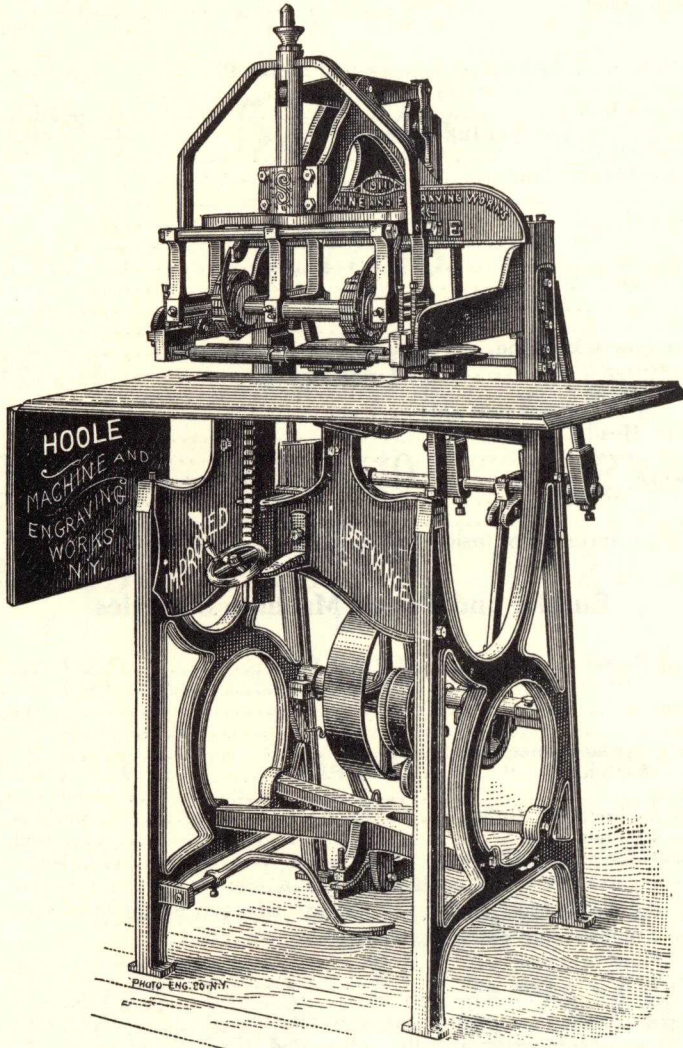

Write for Special Circular.

HOOLE MACHINE AND ENGRAVING WORKS, BROOKLYN, N. Y., U. S. A.

# THE "IMPROVED DEFIANCE"

DOUBLE HEAD NUMBERING MACHINE

This machine will number the stub and check at one operation, either on a straight line or on different lines. Write for Special Circular.

HOOLE MACHINE AND ENGRAVING WORKS, BROOKLYN, N. Y., U. S. A.
